Education

Integrated Master of Informatics

2023 - 2028 | University of Edinburgh

Third Year Courses:

Introduction to Machine Learning, Introduction to Mobile Robotics, Informatics Experimental Learning, Informatics Large Practical, Software Testing, Professional Issues, Introduction to Cybersecurity

Second year courses:

Introduction to Computer Systems; Discrete Maths and Probability; Foundations of Data Science; Algorithms and Data Structures; Standard Engineering Professional Practices; Reasoning and Agents

Secondary School

2017 - 2023 | Banchory Academy

Final Grades:

AAAAA in Advanced Higher Physics; Advanced Higher Mathematics; Advanced Higher Mathematics of Mechanics; Advanced Higher Chemistry; Advanced Higher Music

Activities and Societies: elected President of the school's pupil run public speaking and debating club, pianist in the school's Soul Band, lead violinist of the school's orchestra

Awards & Honours

School Dux Prize 2023 (Valedictorian)

Jun 2023 | Banchory Academy

Queen's Award for Voluntary Service

Jun 2022 | Cromar Future Group

Gold Crest Award

Dec 2020 | British Science Association

Experience

VIOOH | Summer Internship

June 2025 - August 2025

- Developed a full stack geospatial visualisation tool for campaign planning in digital out-of-home (DOOH) advertising
- Enabled users to generate interactive maps and query billboard availability by using an LLM.
- Combined React Typescript (frontend), FastAPI (backend), Snowflake (database), and Auth0 (authentication)

Formula Student | Localisation And Mapping Team Lead

Sep 2023 - Present

- Leading a team improving the localisation and mapping aspect for designing a self-driving Formula 1 race car
- Currently researching into the benefits of parallelisation for cone odometry
- Integrated a ground speed sensor using CAN protocols and message templates
- Our team peer reviews work, which has given me experience of giving and receiving constructive feedback and learning from my peers

Studycat | Summer Internship in Taiwan

Jun 2024 - August 2024

- Developed a user-friendly digital library web app using React, Astro, and Tailwind CSS
- Designed a child-friendly interface and the ability to update content without app updates

Meet And Code | Ambassador

Dec 2022 - Nov 2023

- Served as the European ambassador for Meet and Code, Europe's largest coding charity
- This involved presenting in webinars to 100+ people, and to high-profile companies such as Amazon
- Developed my public speaking and presentation skills

Cromar Future Group | Python Tutor

Dec 2021 - Jul 2023

- Led weekly sessions teaching Python
